

KELLY MISENER

So who the hell am I supposed to be?

LEROI

Rick James' wife.

KELLY MISENER

I'm more than just Rick James' wife. I have a name, I have my own identity, and dreams too. And needs James, I have needs.

RICK JAMES

I NEED you to shut the hell up and take a chill pill.

KELLY MISENER

(Yelling)

You can't shut me up!! You can't shut me up!! You can't shut me up!!

*Kelly begins screaming.*

MANAGER

Will you two please calm down and be civil with each other?

KELLY MISENER

There's no being civil with this man!

RICK JAMES

Kelly's just mad because after 3 years of marriage she's still trying to fucking find herself.

KELLY MISENER

It's been 5 years of marriage and yes I'm still trying to find myself!! Trying to find why the hell I'm still married to you!

MANAGER

Can you please stop yelling. Mr. James, I really need you to join the band and do your mic check for tonight's show.

KELLY MISENER

I'm having marital issues and the show's the only thing important to you people.

STONE CITY BAND

You people?!

TOM MCDERMOTT

Who the hell you calling you people?!

KELLY MISENER

Don't you even try and go there with me.
