

RICK JAMES

I think we have another hit ladies and gentleman.

STEVEN TYLER

Hell yeah. It's the color man, the color. I love how you color it. Shit makes me want to dance.

*Steven starts to dance real soulfully.*

RICK JAMES

I bet you won't dance like this at one of them Aerosmith concerts.

STEVEN TYLER

I bet you I will.

*Steven Tyler begins dancing somewhat like James Brown.*

LEVI RUFFIN

Is that the James Brown? Don't hurt em like that!

STEVEN TYLER

It's the music man, it makes my feet have a mind of their own.

*Steven Tyler continues dancing while Rick is on the floor in laughter.*

RICK JAMES

I haven't laughed that hard since the last time I seen you.

STEVEN TYLER

It's the music. You're a genius Ricky, a freakin' genius. People are still talking about that shit you use to do with Neil Young.

RICK JAMES

You know Neil and I lived together once. We did some wild shit back then. It got a little dicey. I remember singing one song for about a day and a half. Crazy ass drugs.

STEVEN TYLER

Oh man, speaking of... I brought you something special.

*Steven Tyler pulls out a bowie knife.*

LEVI RUFFIN

The hell wrong with you?

TOM MCDERMOTT

See you white boys from downstate are mad different.

STEVEN TYLER

Relax man. I come in peace. Watch this.
